### SAYS OTHER LANDS FIGHT SHIP SUBSIDY

Plummer Pleads for Bill at Luncheon to Industrial Engineers.

Foreign shipping interests are doing heir utmost to bring about the defeat of the American ship subsidy bill, Com-nissioner E. C. Plummer of the Shipping

missioner E. C. Plummer of the Shipping Board said yesterday in an address to 250 delegates to the convention of the American Society of Industrial Engineers gathered at a luncheon aboard the President Harging of the United States Lines, at her pier in Hoboken.
"Every vehicle of British public opinion is being used for this purpose." Commissioner Plummer said, "The fact that foreign interests are so agitated over-this bill makes clear the reason why the people of the United States should obtain its enactment at once. To

why the people of the United States should obtain its enactment at once. To delay is/to play directly into the foreigner's hands."

Joseph W. Roe, president of the society, also spoke briefly in support of national aid to shipping, saying that it has been extended advantageously by other maritime nations. T. H. Rossbottom, general manager of the United States Lines, presided at the luncheon and afterward led the visitors on an inspection of the ship, which was designed to be unsinkable. Later the engineers saw the modern freight handling devices on the nearby pier of the Cosmopolitan Shipping Company.

Mr. Plummer, in the course of his analysis of the subsidy bill, said it well might be termed "an act to compel efficiency in international transportation."
He added that from a commercial viewpoint the essence of the whole measure that a found is a formed and cherbourg and southensposit, and the countries mentioned in note A below, str HOMERIC, 7 AM (sup 9 AM †).

"If American goods are sent from Chicago over American railroads to San Francisco and thence to Australia the tariff duty assessed upon them by the Australian Government is based upon the value of the goods at Chicago plus the entire sum paid American railroads for transporting them from Chicago to San Francisco, but if the same goods are sent from Chicago over a Canadian line to a British port on the Pacific and thence to Australia no tax is levied upon the amount paid for transportation in Canadian territory—a great discrimination in favor of foreign transportation.

"Another straight business result absolutely assured by our proposed shipping legislation is the lowering of ocean transportation charges on American goods. The only way in which American ships can get their cargoes is by making the carrying of those cargoes by American ships cheaper than their carriage by foreign ships. This means an ocean freight rate low enough to eliminate from our foreign carrying trade all the uneconomical foreign ships how operating there and foreing of strong foreign companies to produce and nut into our service the most economical ships—all to the great advantage of our producers and consumers."

### **CURTIS SURE SUBSIDY** BILL WILL BE PASSED

Republican Whip Planning Quick Congress Action.

Special Dispatch to THE New YORK HERALD.

Administration leaders are confident the ship subsidy bill will be approved by the next Congress. Senator Curtis (Kan.). Republican whip, is planning its speedy. Passage.

(Kan.). Republican whip, is planning its speedy passage.

"We should have little trouble in having the bill passed," he said, "If the proposal is put before Congress and the people in its true light. It simply means a saving to the nation of \$50,000,000 per annum. If we fall to pass the bill providing \$50,000,000 to put the merchant marine on a paying basis then we must appropriate \$100,000,000 to make good the deficiency of the Shipping Board for the next year. In my judgment the people will see the merit of the subsidy bill and get back of it."

Despite the optimism of Senator Curtis

Despite the optimism of Senator Curtis and other Administration leaders concerning the outlook for the ship subsidy bill Senator Fletcher (Fla.) is convinced it is going to be very difficult to force the measure through Congress.

### SHIP LINES CONSIDER COTTON DIFFERENTIAL

Gulf Conference Attacks Rate as Discriminatory.

The assertion is made by the Gulf shipping interests that their cotton rate, 20 cents above the rate out of Atlantic ports, is resulting in a loss of their normal traffic.

The discussion brought out several knotty points, and it was decided to defer action for another week so that further study may be given the matter, Gulf spokesmen pointed out that the recent reduction in the coastwise cotton rate from Texas to New York, bringing it down to 18 cents a hundred pounds from 20 cents, makes possible a saving of 2 cents to the shipper routing cotton

Representatives of lines operating to United Kingdom and Continental ports	PORT OF NEW YORK, WEDNESDAY, OCT. 18, 1922			
held an informal meeting yesterday to consider the plea of the Gulf Conference for a lowering of the cotton differential. The assertion is made by the Gulf ship- ping interests that their cotton rate, 20 cents above the rate out of Atlantic ports, is resulting in a loss of their nor- mal traffic.  The discussion brought out several knotty points, and it was decided to defer action for another week so that further study may be given the matter. Gulf spokesmen pointed out that the re- cent reduction in the coastwise cotton rate from Texas to New York, bringing	Steamers Due in New York.  DUE THURSDAY, OCTOBER 19.  Steamer. From. Agents.
